If you have signs of pulmonary trouble, act promptly. "A stitch in time saves nine." Compound Oxygen will certainly arrest the progress of consumption if used in the early stages of that disease. It has already done so in a large number of cases. In proof of this the most direct and positive evidence will be furnished by Drs. Starkoy & Palen, 1109 Girard Street, Philadelphia. If you would like to submit your case and get an opinion of your condition, write to them and state all your symptoms clearly. Ir WILL COST YOU NOTHING, AS THEY DO NOT CHARGE FOR CONSULTATIONS. Monday morning Bill Dawkins, colored, presented a money order for five dollars, to the postmaster, and asked him to eash it. Mr. Boone having been notified of the loss of an order for \$5 by Charles Zobel, and suspecting erookedness, asked William how this order came into his possession. He said that he bought it from Allen Spearman, colored, who proved to be his companion in iniquity. As the postmaster had no difficulty in deciding that the order presented was the one lost by Mr. Zobel, he turned the dark gentlemen over to the police. U. S. Commissioner Dennis was notified, and he discharged the prisoners, it appearing that they had found the order, and that their greatest offense was lying.

Pic-Nic in No. 4.

The pic-nic announced to occur at Mr. J. W. Scott's grove under the auspices of Mr. Pinckney Hipp's school, on Saturday the 7th, came off on that day. The pic-nic had been looked forward to by the spirited young men of Laurens, Union and Newberry Counties, and with equal interest and expectation by her "Beauty;" and I chronicle with pleasure that they were not disappointed. Early in the day carriages, buggies, and wagons began to drive in, and persons to gather at the grove at Mr. Scott's residence which was the scene of this interesting occasion. It will be impossible to give an account in detail or merited praise in every particular, and it will not do to discriminate. so I must omit some things I would like to say. I must say the perfection of the music, instrumental (piano, violin and accordeon) and vocal, reflected credit on the performers and called forth the highest praise.

At twelve o'clock a magnificent ovation was served which was unanimously and spiritedly enjoyed, the feast did honor to the tasteful host under whose auspices it was served. After the feast was over the amusements of the day were resumed, viz: Blackberry Pie, or Whipping the Fellow around the Stump, Stag Dance, Courting, Social Chatting, Favorite Game of Mr. W. C. Cromer, Leap Frog, Courtish Buggy Rides, and various other social amusements. At a late hour in the evening the notes of the music died away, the noble and graceful forms faded in the evening's dusk and melted like dreams of the past. All was hushed at and around Mr. Scott's, I cannot close this account without mention of the cordial hospitality of the citizens of the surrounding country upon this splendid occasion, and the good order observed; I never saw better, and I must compliment the managers for their promptness, viligance and excelent judgment, Our friend, Mr. J. W. Scott, also deserves his meed of praise for the ample preparations made at his residence for the accommodation of

the pic-nicers. On suggestion of Uncle Jared Smith that the notes of this pic-nic be published in all of the County newspapers, so mote it be.

Yes, I am at Glenn's, old Glenn's of my old happy memory; got here at 7.30 in the twilight gloaming Saturday evening last, tired, almost fagged out by the long, hot ride by rail, through a dusty, parched country which is suffering for rain, and supplemented by the twelve mile hack ride from Spartanburg. How my bones ached. Every mile of that weary, jolting, thumping, bumping ride I wished I were home again. Before leaving Spartanburg I met the Rev. J. B. That question must have been intended for the HERALD, and we have to say only this: As there "were very few people in town," saleday is not indispensable as a day of recreation for the farmers. That "there were no fights and not a single case of drunkenness," shows an encouraging improvement in the public morals of Abbeville, for the Medium evidently expected both drunkenness and fights; else why make the absence of rowdyism a subject of remark?

ASHFIELD, MASS. I am verging on eighty years, and deem it my duty to suffering humanity to say that my long life is due to BRANDRETH'S PILLS which have been my sole medicine for half a century. I know the last forty-three years of my life is owing solely to their use. Pills saved me many times after the best medical skill in several States had given me up as hopeless. I have had many converts to purgation with BRANDRETH'S PILLS, and have seen them perform almost miracles of cure. For children, a few doses have cured measles, searlet fever, and whooping cough. In all female troubles and weakness I have peyer known them to fail. In adult males I have known them to cure the worst cases of dyspepsia, rheumatism, kidney diseases, dysentry and diarrhœa; even dropsy, paralysis, and apoplexy have yielded to a persistent course of Brandreth's Pills. In fact I have found them the true Life Elixir. They act as continual preventives against the effects of time, disease, and labor.

JOHN H. MANN

> FOR THE HERALD. The Garmany School Pic-Nic

Came off on Wednesday, the 4th of July, and it has seldom been our privilege to witness so pleasant an occasion of the kind This school is presided over by Mr. J. G. Martin. There had been some arrangements begun for some exercises in the school and a program had been contemplated, but owing to the sickness of Mr. Martin's wife, the school had not met for some days, and program had never been completed. We had hoped to see Mr. Martin take his school through the daily routine of exercises in their regular order, but owing to the misfortunes as stated above, there was only singing and speeches by some of the scholars, we did not get in in time to hear all the speaking, only four or five of the boys spoke after our arrival. Their speeches, we thought, were well put, with evidences of un-

developed oratorical powers.

Mrs. Texic Wilson, with her organ, render-Mrs. Texte wison, with her organ, rendered the music and gave an interlude between the speeches. After the pupils had spoken, Major J. K. Nance was called on for a speech, and with his usual suavity, responded by complimening the children for the rapid strides they have made in their literary at-tainments, and a flattering compliment to their teacher, for his proficiency as an in-structor. He said that his own children had made more progress in five months under Mr. Martin's care than for any two years Mr. Martin's care than for any two years previous under other teachers. Major Nance closed by introducing Mr. Henry Boyd of Prosperity. Mr. Boyd catechised the children a little on the historical events of 1776, 25 and 50 cts. Try "Good as Gold" the showing why the 4th July in each year is commemorated as the birthday of our independence, and is a national holiday. He then made a brief speech on Southern literaare and showed very clearly how important keep trashy novels and worthless literature and Suisse Embroideries? Purses? But-out of the reach of our children and young tons? Colored Mulls? Linen Lawns? people generally, but rather place in their hands good books of Southern production, something substantial, entertaining and true. I hope Mr. Boyd will hand his manuscript to we editors for publication. Mr. Boyd certain- it. There is nothing so stylish for ly reflected great credit on himself. We be-speak for him a successful future. He is undoubtedly a young man of fine brain and high attainments, for one so young and yet

o unfortunate. Our County School Commissioner, Rev. J. C. Boyd, was then called on, and responded in an address of thirty minutes. He spoke of two difficulties in his way; one was the fact of having two races to deal with, which he said was a hindering cause; the other was the very limited amount of money appropriated for the carrying on of the free common | Department many new and novel feaschools. Mr. loyd, I have no doubt, sees the first difficulty of which he spoke; but he failed entirely to show us where the difficulty lies. The other trouble is quite manifest, we can all see that; and do feel it sensibly. He gives the average appropriation per capits, for Newberry County at three dollars and forty cents (\$3.40); which, he says, and Hosiery, Corsets! Corsets! The best and forty cents (\$3.40); which, he says, and we all know, is entirely insufficient; and recommends that the people do supplement that with an amount sufficient to run the schools.

Corset for \$1.00 ever som.

Madam Thompson's perfect fitting Corset and be convinced. A few yards the convention of the only. Mr. Boyd further said that in his of those beautiful colored laces still opinion no one should be allowed to send to the public schools, who did not pay something thing themselves. We think Mr. Boyd is wrong there, for we all know, (Mr. B. not styles of Shirts, Collars, Cuffs, Cravats, excepted) that there are a great many people in our County, both white and black, who Hosiery, Underwear, &c., can always are not able to pay anything for tuition, and that would totally deprive all such of giving their children any education at all, that would be wrong, and to say the least very uncheritable. He did not speak as having any hope for the success of our free common

Mr. Boyd then eulogized Mr. Martin as a teacher, in the very highest terms. He spoke of him as being a ripe scholar, a man who had educated himself, had acquired his of the best. Shoes manufactured, and education at home, had devoted the prime of his life to teaching, and as having his whole soul enlisted in the work. A moral man, a man of brain, and a man who does his own thinking. And finally said that if Mr. Martin was not present, he would speak at some length about him. We feel at a loss to know what more he could have said to Mr. Martin's credit, had he not been present. Mr. Boyd then congratulated the people in having such a teacher. He said much had been said of late about new methods of teaching, but that there was much more in men than modes of instruction. He concluded by advising the patrons not to let their teacher pass from them.

Mr. Martin then made a few remarks

appropriate to the occasion; and expressed himself as having no fears for the future of his pupils. He hoped to see the public school system a success, and believes that it will at no very distant day be the pride of the land. He thanked his patrons for their co-operation which is a great help to teachers, and thanked the audience for their genteel deport-K. Nance. The people in that neigh- ment during the exercises. The engagement lasted near an hour when the attacking columns all fell back, leaving un-mistakable evidences of dreadful carnage. icket, \$5 00; Graduation fee, \$25 00. One poor fellow was heard to say as he retired, that he did not feel one bit hungry. There were more than 130 people well fed and plenty left for 70 more. After dinner the old people gathered in groups in the shades, and engaged in social conversation; while the young folks repaired to the school house and enjoyed themselves tripping the light fantastic. Thus we celebrated the fourth of July with as much general enjoyment as you ever see in so large a crowd.

Grand Rush Next 30 Days (only).

We will move in a short time to our new and elegant store (now being built specially for us, between the two burnt Drug Stores and opposite the Newberry Hotel), and in order that we may have as few goods as possible to move, we propose for the next 30 days to give our friends and customers a rare opportunity to purchase first-class goods at second rate prices. We will therefore close out all

Summer Clothing, Straw Hats, Low Cut Shoes,

and especially Ladies' and Children's Slippers at Manufacturers' prices. A nice lot of Clothing of all sizes, styles and prices still on hand. Men's Suits from \$4 to \$5, worth \$6 and \$7. Men's all wool Cassimere Suits at \$6 and \$8, worth \$8 and \$10. Children's Suits from \$2 to \$7. Gents'
